Notice

Date- 08/08/2026

All students of B.Sc. are hereby informed that the Department of Science (Subject-Microbiology) delighted to announce that the "One day Workshop on Glassware's and Instruments" in Microbiology laboratory will be organize on Tuesday, 11th August, 2026. Hence all the students should remain present.

Programme Details:

Date: 11st August, 2026

Time: 11:00 am

Venue: Microbiology lab, First Floor, Main Building.

**Head
Science Dept.**

**Sou. Mangaltai Ramchandra Jagtap
Mahila Mahavidyalaya, Umbraj
Tal. Karad, Dist. Satara**

**CO-ORDINATOR
IQAC**

**Sou. Mangaltai Ramchandra Jagtap

Activity Programme Report

Name of Department: Science
Date and time of activity: 11/08/2026, 11.00 AM
Name of the topic: "One Day Workshop on Glassware and Instruments in Microbiology laboratory"
Presence: I/C Prin. Sambhaji Gavade.
Activity/ Programme Purpose: The main motive of this program to improve practical laboratory skills and scientific competence among students.
No. of Beneficiaries: 30
Class involved: B. Sc.
Activity/Programme outcome: Participants became aware of laboratory safety rules and good laboratory practices.
No. of teacher involved in activity: 4

Report

One Day Workshop on Glassware's and Instruments in laboratory.

A One Day Workshop on Glassware and Instruments in Microbiology lab was successfully organized by the Department of Science on 11 August, 2026. The workshop aimed to provide students with practical knowledge of laboratory glassware, scientific instruments, their proper handling maintenance, safety majors use in Microbiology laboratory. The purpose of the workshop was to introduce students to commonly used microbiological glassware, laboratory instruments, their functions, proper handling, cleaning, sterilization & safety precautions. Student were introduced to various glassware such as Test tube, Petri plates, Beakers, Conical flasks, Measuring cylinder, Pipettes, Micropipettes, Glass slides & Coverslips. A practical demonstration of important microbiology laboratory instruments was also conducted. The instruments included Compound microscope, Autoclave, Incubator, Water bath, Colorimeter & pH meter. The program was organized under the guidance of Prin. Dr. Sambhaji Gavade and Prof. Vikas Barge. Overall, the workshop was highly informative and beneficial. It enhanced the participants practical skills, laboratory safety awareness and understanding of the correct use of chemistry laboratory glassware and instruments.

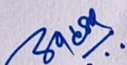

No. of Beneficiary -30

Objective –

- 1) To create awareness about laboratory safety and precautions.
- 2) To explain the importance of sterilization and maintenance of laboratory equipment.

Outcome –

- 1) Identify common microbiology laboratory glassware and instrument.
- 2) Understand the importance of laboratory safety and good laboratory practices.
