Library orientation program

Library supports the needs and thirst of the users of the institution. The goal of an education institution is to support the teaching and research needs. The main objective of the user orientation is to introduce the library facilities, resources, services and library techniques to the users. On this purpose, our College conducts a Library Orientation programme for fresher. The programme was conducted by Librarian Prof. Vikas Barge. He introduced the systems and functioning of library to the students.

Objective:

1. To educate the users on how to use libraries-their sources and services.
2. To familiarization with library resources.
3. To acquaint participants with the wide range of resources available in the library.
