7.2 - Best Practices

1. Short Term Courses

1. Title of the Practice: – Short Term Courses

2. Objectives of the Practice:-

1. Creating social, economic and personal development.
2. Trying to impart practical knowledge.
3. To provide the right knowledge and skills to survive in future competition.
4. To enable student's financially through short term courses.
5. Provide appropriate working skills from the curriculum.
6. Build confidence by providing work skills.
7. Preserving personal values.
8. To uphold moral and social values.
9. Convincing today's need for skill based courses.
10. To strive to improve the living standards of all sections of the society.
11. To develop a group of female students for training.

3. The Context:-

The institution takes the permission to initiate a short term course. It is finalized the work process including the curriculum, Pattern of question papers, passing head, time table, appointment of instructor, tenure, allotment of class rooms, the remuneration to instructor. The sole purpose to apply this practice is to develop self-reliant students which will face the difficulties in the future.

4. The Practice:-

By creating a group of students, they are encouraged to pursue skill-based and experience-based learning according to their interests. Accordingly, they take admission in the course. For this, trained teachers are appointed. Accordingly, an attempt is made to impart proper and quality knowledge and skills in a short period of time.

At the same time, these skills and knowledge create the courage to get a job or start a business. Various workshops are organized to impart more knowledge about current affairs especially competitive exams. The classes are conducted after the main stream lectures are over. In the short term courses theoretical and practical knowledge is shared with the students. Those who regularly attend the class and get passing marks will get a certificate. This certificate is useful to get placement or on the other hand the student will start his own profession.

5. Evidence of Success:-

Many short term courses have been running in the college since 2005. Through this many students have completed the course. This practice has been going on uninterruptedly for nineteen years. Many students have become financially capable through this short term course. Some students are working on short term course skills in different companies. Some students are trying to meet the needs of the society and own needs by starting their own business. All the students have gained knowledge and experience to survive in the competition. Since then, the students have been working in different fields in a very good way, developing their own personality.

6. Problems Encountered and Resources Required:-

Students complete their short term courses in the short period. It is difficult to teach different concepts in a short period and according to the educational pattern. The curriculum have to change according to the NEP2020 policy. The student manage their skills and efforts, to understand in available resources.

2. Students Connectivity with Community

1. Title of the Practice: - Students Connectivity with Community

2. Objectives of the Practice:-

1. To promote community based education.
2. To develop social critical thinking in the students.
3. To bring out social problems of the community.
4. Efforts to reduce the severity of social problems.
5. To create the work culture and smart work in the community.
6. To strengthen the relationship between students, teachers and society.
7. To create a sense of responsibility in the students.
8. To make people aware of social issues through various programs.
9. To provide learning opportunities by college activities.
10. To build team spirit by creating equality in all.

3. The Context:-

The college is located in the rural area. The work is being done to impart proper and quality education to the students from weaker section of society and needy students. There are many social problems felt in the rural areas. To make students aware of all these problems, the college implemented various community engagement programs for eradication, health awareness programme, social justice, cleanness rally, tree plantation etc. College attempts to create conscious citizens by undertaking various activities in the society. All factors of the society are involved in the activity.

4. The Practice:-

Students are given opportunity to participate in various extension activities. NSS Unit of the college play pivotal role in it. The institution as per the rules and regulations of NSS every academic year organizes camp in the adopted village. In the camp various extension activities were conducted. These activities are environmental awareness, health checkup, tree plantation, gender equality, anti-superstitious belief, plastic free environment, street play, social issues, village surveys, field visits and other society relevant activities. Students are involved in activities that address the social issues. The girl NSS volunteers cleaned crematory at the village Tupari after the flood. The girls are shown to the society that they can clean the crematory without any fear. The message was given to society that cemetery is not a lonely and fearful place. In the same village the girls were collected plastic in the flood affected area and it was handed to pnachayat samiti for its permanent disposal. The girl's students are distributed mask in the society in corona pandemic. The volunteers organizes the programs like "Haladi-Kunku" to build a sound bond between society and them.

5. Evidence of Success:-

The success of these activities, students become aware of social issues. This helps to strengthen the relationship between society and students. Various aspects of the society get information about social education. Such activities maintain the health of the society. People in rural areas are aware of responsibility and rights due to social activities.

6. Problems Encountered and Resources Required:-

The people are not easily aware of social issues. Peoples are unwilling to participate. Superstition is in society, it is necessary to work for it. The people in rural areas have not understood the importance of cleanliness. It is necessary to take the help of social organizations for college social activities.

सामाजिक प्रेरणादायी कार्यक्रम

२०२० - २१

जागतिक स्तरावर गेल्या दोन वर्षात कोरोनासारख्या जागतिक महामारीचा सामना केला. पूर्ण जग त्यावर नियंत्रण ठेवण्यासाठी प्रयत्न करीत होते. यासाठी आरोग्य संघटना, स्थानिक सामाजिक संस्था व राज्य सरकार यांनी अथक प्रयत्नातून लोकांना आरोग्य सेवा पुरविण्यामध्ये मोलाचा वाटा उचलला.

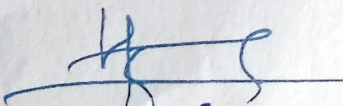

या उपक्रमामध्ये आमच्या महाविद्यालयाने सक्रीय सहभाग घेतला. व यातून लोकांच्यामध्ये कोवीड विषयी जनजागृती करण्यात आली. त्यामध्ये मास्कचा नियमित वापर, सॅनिटायझरचा दैनंदिन जीवनात वापर, सोशल डिस्टेंसिंग बाबत मार्ग दर्शन करून जनजागृती केली.

विद्यार्थ्यांच्या सोबत त्यांच्या पालकांना याबाबत मार्गदर्शन करण्यात आले. त्यामुळे सामाजिक बांधिलकीमध्ये महाविद्यालय नेहमीच अग्रेसर असते. अशा प्रकारे पालकांना मार्गदर्शन करण्यासाठी कोरोना नियमांचे पालन करून पालकसभा घेण्यात आली.

१८ वर्षांच्या वरील वयोगटासाठी लसीकरण मोहिम शासनातर्फे राबवीली गेली. याचा लाभ ग्रामीण स्तरावर घेण्या संदर्भात विद्यार्थ्यांमध्ये प्रबोधन करून त्यांना लसीकरण करून घेण्यास प्रवृत्त केले. यामध्ये जास्तीत जास्त विद्यार्थींनीही सहभाग घेतला.

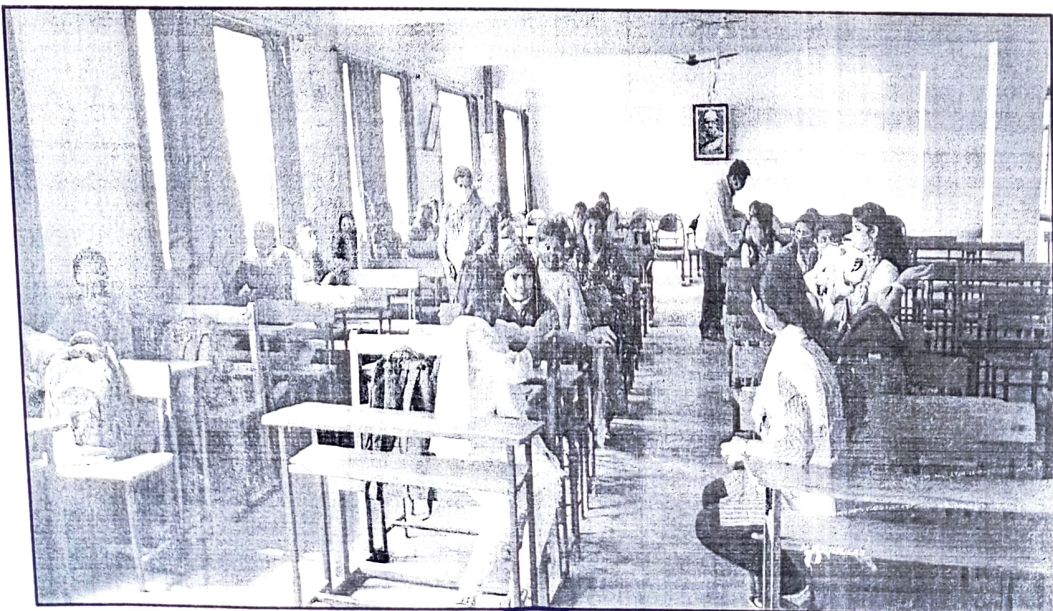

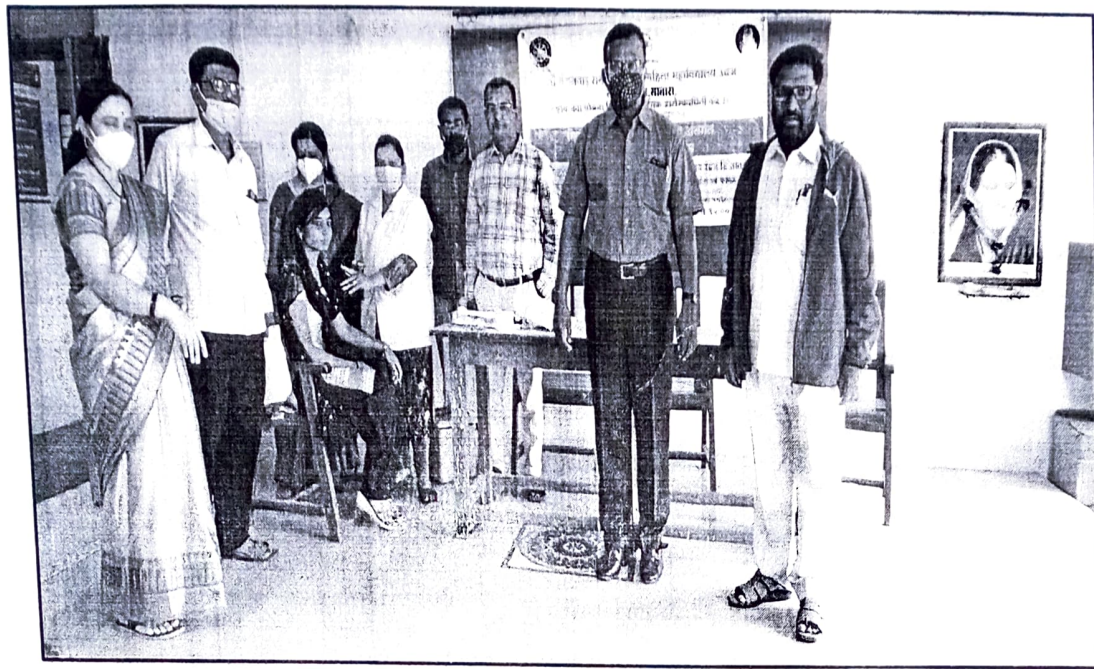

अशा प्रकारे महाविद्यालयाकडून समाज प्रबोधन पर कार्यक्रम घेण्यात येतात.
